

Curriculum Pathways – *Engage*

PATHWAY OVERVIEW

The *Engage Pathway* (New Kershaw Centre) for those students who find regulating themselves difficult. They follow a highly adapted National Curriculum. Due to the deficits in buildings, many students within this pathway can only access a shortened day. Students who can regulate within a formal learning environment access a full day's education. We will extend this cohort's day to include hands-on experiences in the future, we are exploring options currently. Our drive is for these students to leave us and continue their vocational journey either at college or in the workplace.

KS4 AM (30 Minute Sessions)	Wellbeing (x5)	Form Time (x5)	Review & Rewards (x5)
	Literacy, English, Reading for Pleasure (x3)
